COMPANY PROFILE

Welcome to NewThingLine — backed by 20 years of expertise as a market leader in custom lighting solutions for kitchens, furniture, and bathrooms.

We specialize in high-efficiency LED lighting with superior CRI, and are especially skilled at delivering fast, customized lighting solutions for bathroom fixtures, cabinet lighting, and kitchen furniture illumination.

As an all-in-one partner, we guide your vision from concept to final product. Our focus includes custom cabinet lights and illuminated mirrors, tailored to meet EU and US market standards. We support you through every stage: initial drawings, prototypes, pilot production, and mass production— all accompanied by complete documentation and necessary CE/ETL certifications.

All manufacturing takes place at our ISO9001 and ETL-certified facility, ZHS Home in Dongguan, China, which has extensive experience serving North American and European markets. This ensures you receive precisely the right product, delivered on time, with reliable follow-up throughout the process.

Below you'll find a selection of our standard products, but we truly excel in transforming your unique ideas into tailored lighting solutions for your business.

Have a project in mind? We'd love to hear from you.

Please feel free to contact us — we are fluent in English.

Let us illuminate your spaces with quality, innovation, and speed.
